2025 Reorganization Meeting

Hello all,

Here is the *planned* agenda for the upcoming meeting.

I am admitting in advance—we have a great deal to get through. I have put the elections first because they must be done this month in order for us to remain a functioning county party. Depending on how long that takes, we will work through the rest of the agenda, understanding that we may need to add a May meeting to accomplish the (frankly more important feeling) other items on the agenda—especially the discussion about our concerns and how we might begin to address them as a group.
