

Supporting Ukraine and Responsible US Global Leadership

Lynette shared a communication she sent to Senators Barasso and Lummis and Representative Hagemann following the “meeting” between President Trump, Vice President Vance, and President Zelenskyy of Ukraine on Friday. I thought it might be valuable for others who feel the same and want to also express their concerns to our elected representatives.

Thank you, Lynette, for the words and for the passion!

The purpose of this communication is to express my outrage at the appalling, disrespectful treatment of President Zelenskyy by President Trump and Vice President Vance in the Oval Office on February 28, 2025.

I urge you to please stand up and speak out against the blatant, disrespectful treatment of President Zelenskyy who is courageously leading his country against its invasion by Russia instigated by the tyrant Putin. How can any of our allies trust the United States in the face of this blatant support of Putin and disregard for Ukraine and the entire European Union? This behavior simply emboldens Putin and other tyrants to willfully take whatever they want with no regard for clearly defined international borders. Please speak up and stand up against

the event which occurred on February 28. Please stand by our allies and against Russian aggression. If World War III erupts, the responsibility will lie with President Trump and his support for the tyrant Putin, not with the courageous President Zelenskyy and his support for democracy.
